Senior Operations & Digital Transformation Leader | 13+ Years Experience | Automation & Analytics Programme Lead | RPA Strategist | People Manager (17+ Staff) | Lean Six Sigma Green Belt | Power BI & KPI Governance | GCC/GBS – OM & CS (O2C)

7 RPA Initiatives | 100% Go-Live Success | 99.8% Cycle-Time Reduction | 98.7% SAP Migration Success | 85%→97% Customer Satisfaction | 17+ Analysts Managed

PROFESSIONAL SUMMARY

Transformation leader with **13+ years** in global operations and international customer service, including **6+ years at Mann+Hummel** (Global Business Services / GCC) leading **RPA and AI-supported automation** from business case to go-live. Delivered **7 RPA initiatives with 100% on-time go-live**, built **Power BI KPI and RPA ROI dashboards**, and led the **SAP S/4HANA migration** as the sole Global POC for Order Management and Customer Service (**98.7% success, zero revenue disruption**).

Business-side automation owner who works alongside technical build teams: defines high-value use cases, writes PDD/SDD inputs, validates solutions, leads **UAT**, tracks **FTE benefit and ROI**, and governs KPIs. Covers **Team-Leader-level scope for 17+ analysts** across 12 countries while holding the **GCC Automation Ambassador** mandate and **Automation CoE citizen-developer** responsibilities. **Lean Six Sigma Green Belt** and **Blue Prism Developer** certified; aligns Sales, Finance, IT and CoE stakeholders **without direct authority**.

CORE COMPETENCIES

Automation Strategy & Governance | RPA Programme Management | Analytics & KPI Governance | Power BI Dashboards | Celonis Process Insights | Automation ROI & FTE Benefit Tracking | Intelligent Automation Design | AI-Supported Automation (Decipher, Nanonets) | Generative AI (Prompt Engineering) | Blue Prism (Business SME, Certified Developer) | UAT Lead | Lean Six Sigma (Green Belt) | Process Re-engineering | Root Cause Analysis | Digital Transformation | Change Management | Stakeholder Management | Global Process Standardisation (12 countries) | Order-to-Cash (O2C) | SAP S/4HANA Transformation | Global People Leadership (17+) | Training & Coaching | ServiceNow | Zendesk | SharePoint

PROFESSIONAL EXPERIENCE

Senior Lead Analyst | Mann+Hummel Filters, Bengaluru **Jul 2025 – Present**

*Scope beyond title: with no Team Leader appointed above the role, covers Team-Leader-level responsibility for **17+ analysts** across GCC Order Management and Customer Service, while serving as **GCC Automation Ambassador** and **Automation CoE citizen developer** (qualified through NEOOPS training and exam), and running Order Management and Customer Service in parallel.*

- **Automation Lifecycle Ownership:** Own the end-to-end lifecycle (idea, business case, design, UAT, go-live) across **RPA** and **AI-supported** use cases for global order management operations as GCC Automation Ambassador.
- **RPA Programme Ownership:** Led **7 Blue Prism RPA initiatives** as Business SME and UAT Lead: **100% on-time go-live**, zero rework on business requirements. **99.8% cycle-time reduction** on Return Analysis Automation (2 days to 5 minutes), **2 FTE combined benefit**.
- **SAP S/4HANA Migration Lead:** Global Point of Contact for GCC/GBS OM & CS; managed end-to-end testing and stakeholder alignment across AP, AR, EDI and Intercompany. **98.7% success**, **zero revenue disruption**, **2,000+ post-migration issues resolved within 3 days**.
- **Revenue Impact:** Directed a workstream reducing **backorders from $19M to under $1M**, completed 3 months ahead of schedule.
- **AI-Supported Automation:** Contributed to pilots (**ACQUA**, **MOESA**) using **Decipher** and **Nanonets**; improved accuracy through business validation and testing. Driving **case-assignment automation** for global scalability.
- **Generative AI Innovation:** Conceptualised and deployed **VocabPro**, a no-code AI dictionary app that bridges terminology gaps across OM, AR, AP, Pricing and Master Data and speeds onboarding.
- **Cross-Functional Leadership:** Core member of the **Community of Practice** aligning Order Management and Customer Service with Finance and IT; influence stakeholders **without direct authority**.

- **Cross-Regional Stabilisation:** Stabilised intercompany operations across 8 countries and 4 continents, covering process establishment, training, assessments and documentation during a manager's absence.
- **People Leadership:** Manage **17+ analysts**; contributed to team promotions and measurable gains in output and retention; introduced Microsoft Loop and a centralised SharePoint hub to cut information silos.

Lead Analyst – Operations & Process Improvement | Mann+Hummel Filters, Bengaluru **Oct 2022 – Jun 2025**

- **RPA Adoption:** Championed **Blue Prism** adoption for high-volume order workflows, cutting cycle time by **85%** (20 minutes to 3 minutes) so the team absorbed higher volumes without added headcount.
- **Lean Six Sigma & CSAT:** Applied Green Belt methodology; led business design and UAT as SAP key user for order-entry automation (10–15 minutes to 3–5 minutes) using **Celonis** insights, lifting **CSAT from 85% to 97%**.
- **Analytics & Dashboards:** Built **Power BI dashboards** with KPI design and **RPA ROI tracking**, adopted by team leads and management; inventory accuracy **85% to 98%**, **100% process accuracy** on monitored workflows.
- **Global Standardisation:** Standardised processes and SOPs across **12 countries**; errors, rework and escalations reduced; audit and compliance checks consistently passed.
- **Financial Controls:** Validated **$5M+ in monthly dispute and claim transactions**, set up audit protocols that cut invalid claims, and eliminated a systemic overcharging pattern in downstream credit processing.

Senior Specialist – Operations & Process Standardisation | Mann+Hummel Filters, Bengaluru **Jan 2020 – Sep 2022**

- **Reduced manual effort by 40%** through process optimisation, the early automation thinking that became the base of the Blue Prism RPA programme.
- Designed and standardised **10+ SOPs** adopted as global standards across the GCC Order Management and Customer Service function.
- Delivered the Order Management **pilot-batch training programme** with zero missed SLA targets after launch.
- Drove a **25% improvement** in service delivery through targeted SAP processing changes: faster responses, fewer errors, fewer escalations.

KEY PROJECTS & OUTCOMES

- **Return Analysis Automation – 2023:** Business SME, UAT Lead. 99.8% cycle-time reduction (2 days to 5 min) | 2 FTE combined benefit.
- **Blue Prism RPA Portfolio (7 initiatives) – 2022 to 2025:** Business rules, exception handling, UAT Lead, flowchart drafting, PDD creation, SDD validation. 85% cycle-time reduction | 100% go-live | 300+ orders processed monthly.
- **Power BI Operational Dashboards:** KPI design, RPA ROI tracking. Inventory accuracy 85% to 98% | 100% process accuracy.
- **SAP S/4HANA Global Migration:** Global POC, end-to-end testing across AP/AR/EDI/Intercompany. 98.7% success | 2,000+ issues resolved | zero revenue disruption.
- **Backorder Reduction ($19M to under $1M):** Workstream lead. Completed 3 months ahead of target.
- **Part Convergence:** Cross-functional project lead. Shipment errors reduced | complaints down | faster order processing.
- **Global SOP Standardisation (12 countries):** Process design, training, rollout. 40% manual-effort reduction | audit compliance | fewer escalations.
- **EDI Failure Root Cause Analysis:** Root-cause identification and master-data correction. Zero repeat occurrences.
- **Cybersecurity Training (53 staff):** Programme designer and sole trainer. Organisation-wide phishing defence established.

AI & INTELLIGENT AUTOMATION

- Worked with **AI-based tools (Decipher, Nanonets)** for data extraction and automation; improved solution accuracy through business validation and testing.
- Supported pilots of **AI-enabled automation** (**ACQUA**, **MOESA**) with successful rollout on unstructured-data and decision-making use cases.
- Designed a **no-code AI application** (**VocabPro**) to improve cross-functional communication and onboarding.

EDUCATION

- **Master's Degree**, Banaras Hindu University, Uttar Pradesh | 2012
- **Bachelor's Degree (B.Sc.)**, Veer Bahadur Singh Purvanchal University, Uttar Pradesh | 2010
